

Clear Kote

Clear Polyacrylate Based Coating

Solutions you can count on

DESCRIPTION

Ecocare Clear Polyacrylate Based Coating is formulated as a clear protective coating which gives a smooth tough finish.

Upon application, it leaves a thin coating containing a unique blend of corrosion inhibitors on metal surfaces for a lasting protection

Code	Product Name
EC8011	Clear Kote
EC8011(1)	Clear Kote (UV)

APPLICATIONS

Ecocare Clear Polyacrylate Based Coating is widely used on most metals, PCB Boards, electronic and electrical components, aerials, wires etc... Which are found indoor and outdoor

DIRECTIONS

Surface Preparation:

Remove all existing oils, dirt, rust and other contaminants from the surfaces. Ensure surface is dry before application.

For Aerosol Packing

2. Hold can 20-25cm from target area and spray evenly.
3. Allow film to be semi-dry to give maximum protection.
4. For best results, apply 2 or 3 coats between intervals.

For Bulk Packing

1. Shake well before use.
2. Apply on target area evenly using a brush or roller.
3. Allow film to be semi-dry to give maximum protection.
4. For best results, apply 2 or 3 coats of between intervals.

PRODUCT PROPERTIES

Physical State	Liquid	
Colour	Clear	
Solubility (In Water)	NA	
Density	NA	
Packing	EC8011-M5	5Ltr Tin
	EC8011-M25	25Ltr Pail

BENEFITS

- Colourless
- Resists Acid & Alkalies
- Waterproof
- Excellent Protection
- Prevents Arcing
- Multi-Purpose Application
- Resists Moisture & Corrosive Vapours
- Easy To Use
- Seals Completely

HANDLING PRECAUTIONS

1. For professional use only. To be used in well ventilated environment.
2. In case of contact with eyes, rinse thoroughly with water and seek medical advice immediately.
3. If swallowed, take plenty of water and seek medical advice immediately.
4. Avoid prolonged contact with skin.
5. Put on gloves for sensitive skin.
6. Keep out of reach of children.
7. Additional information may be obtained from Material Safety Data Sheet (MSDS).

For Aerosol Packing

1. Pressurized container. Do not pierce or burn after use
2. Do not expose to temperature beyond 40°C
3. Flammable Propellant
