Eco Powder

DESCRIPTIONS: **Eco Powder** is a non-acidic powder cleaner designed to remove stubborn, acid and rust stain on hammered or grained stainless steel surfaces without scratches. It is also used for the removal of stubborn dirt and stain on ceramic, granite and marble tile flooring.

APPLICATIONS: **Eco Powder** is widely used in institutions, child care centres, hospitals, machineries, metal and aluminium industries, manufacturing plants, food industries, workshops, shopping centres, hotels, etc.

ADVANTAGES:

- **SAFE TO USE**
Eco Powder is non toxic to human or animal, non acidic, non caustic and does not contain any pathogenic strains.
- **NON-FLAMMABLE**
Ecomax is non-flammable and will not support combustion at any temperature.
- **POWERFUL & EFFECTIVE**
It's special penetrants remove stubborn stains without harsh abrasives and heavy scrubbing.
- **MULTI-PURPOSE**
One product can use for many applications, such as: tiles, ceramic, granite, marble, metal, chrome, stainless steel and glass etc.
- **BIODEGRADABLE**
It is completely biodegradable, environmentally safe and will not contribute to water pollution.

DIRECTIONS:

Sprinkle **Eco Powder** on damp cloth and rub in one direction on affected surfaces of stainless steel, rinse and dry with towel immediately. For tile scrubbing, use only white pad, wet surfaces and sprinkle **Eco Powder** and scrub with single disc scrubber. Do not use **Eco Powder** on mirror-shine stainless steel.

Physical Characteristics:

Appearance	:White powder.
Toxicity	:Low, do not take internally.
Flammability	:Non-flammable.
pH	:6 - 7
Composition	:Mixture of penetrants and biodegradable agents.
