

Eco Foam Soap

Descriptions:

Eco Foam Soap is a mildly perfumed foam hand cleaner specially formulated with mild cleansing agents and emollients to produce a foaming action while it cleanses and aids in conditioning the skin. It is enriched with moisturizers and emollients to protect delicate skin leaving hands with a clean gentle sensation.

Applications:

It is widely used in childcare, kindergartens, schools, institutions, hospitals, nursing homes, clinics, food processing plants, hotels, apartments and shopping complexes, industrial plants etc.

Advantages:

- Formulated with mild surfactants to prevent over drying of skin due to loss of natural oil from the skin.
- Food biocide ensures effective removal of microbes and safe to use in food processing establishments.
- Contains no harsh chemicals.
- Can be rinsed easily.

Directions to use:

1. Apply **Eco Foam Soap** on dry hand and work into a foam lather.
2. Rinse thoroughly under running water and dry hands.

Properties:

Type:	Liquid foam soap
Odor:	Fresh floral-scented
pH:	Neutral
Toxicity:	Harmful if swallowed.
Composition:	Natural ingredient compound, glycol and penetrants
