Sani-Wash

DESCRIPTIONS: **Sani-Wash** is a **hospital-grade** with premium quality anti-microbial sanitizing liquid hand cleanser that is formulated with **TRICLOSAN** and natural ingredients that effectively kills a broad spectrum of bacteria. It is enriched with moisturizers and emollients to protect delicate skin, leaving your hands with a clean gentle sensation.

APPLICATIONS: It is highly recommended for use in environments where hygiene is of vital importance, such as: childcare, kindergartens, schools, institutions, hospitals, nursing homes, clinics, food processing plants, hotels, apartment and shopping complexes and industrial plants etc.

ADVANTAGES:

- **LATHER FREELY**
Sani-Wash produces a creamy rich, penetrating lather designs for use in hard or soft water.
- **HELPS REDUCE THE RISK OF ACQUIRING INFECTIONS**
Sani-Wash contains the anti-microbial agent TRICLOCAN for broad-spectrum anti-microbial activity.
- **SAFE**
Sani-Wash has a neutral base that contains no harsh alkalis, abrasives or petroleum solvents. Even with frequent use, **Sani-Wash** will not dry, whiten, crack or irritate normal skin. Its natural base of emollients and skin conditioners form an added protection of an anti-microbial agent.
- **PENETRATING POWER**
Sani-Wash instantly removes stubborn soil, grease, oil, dirt and grime on the palm of hands.
- **NON-CORROSIVE**
It is non-corrosive to metals in most soap dispensers.
- **ECONOMICAL**
Sani-Wash can be diluted with water for use in dispensers.

DIRECTIONS:

Dilute with water 1:1 for heavy soil and 1:4 for lighter soil. Apply generous amount, rub hand vigorously to break up unwanted soils. For proper disinfecting, continue action for 2 minutes. Rinse thoroughly and wipe dry.
